

ASAD MUJUMDER

FULL-STACK WEB DEVELOPER

Profile

I am a programming enthusiast who likes to learn and work on new things. I have been involved in many different projects throughout my freelancing career. Among them, I have built UI for a Canadian Crypto-currency exchange farm using Next.js, made Designing tool using SVG and Javascript etc. I learn regularly and try to follow the best practices of the development world. I am hard working and eager to take any kind of project of any complexity.

Experience

2020 - Present Upwork

Freelancer, city

I have been working for a freelance full-stack web developer for nearly one year and a half. I have been part of many development projects of various nature. These mostly includes MERN stack. I have worked with React.js, Node.js, Next.js, Javascript, express.js etc extensively in these projects.
